FLEET EVALUATIONS

Fleet Evaluations Made Easy --- Including Onsite Installation

Considering Side Guards for your fleet or your Insurance company is mandating side guards? We are here to help! We will come to you and evaluate your fleet for side guards. Our evaluations are comprehensive and done by side guard experts.

Evaluations Include:

- Pictures of each vehicle
- Measurements of each vehicle
- Recommendations based on Volpe Specifications
- Recommendations on current equipment to meet Volpe Specifications
- Quote Included

Onsite Installation

We understand that upfitting can be very difficult to schedule especially with a fleet that is constantly in use.

- We offer onsite installation
- We will come in after normal business hours and work through the night so that your fleet doesn't have to Stop!
- Our installers are professional
